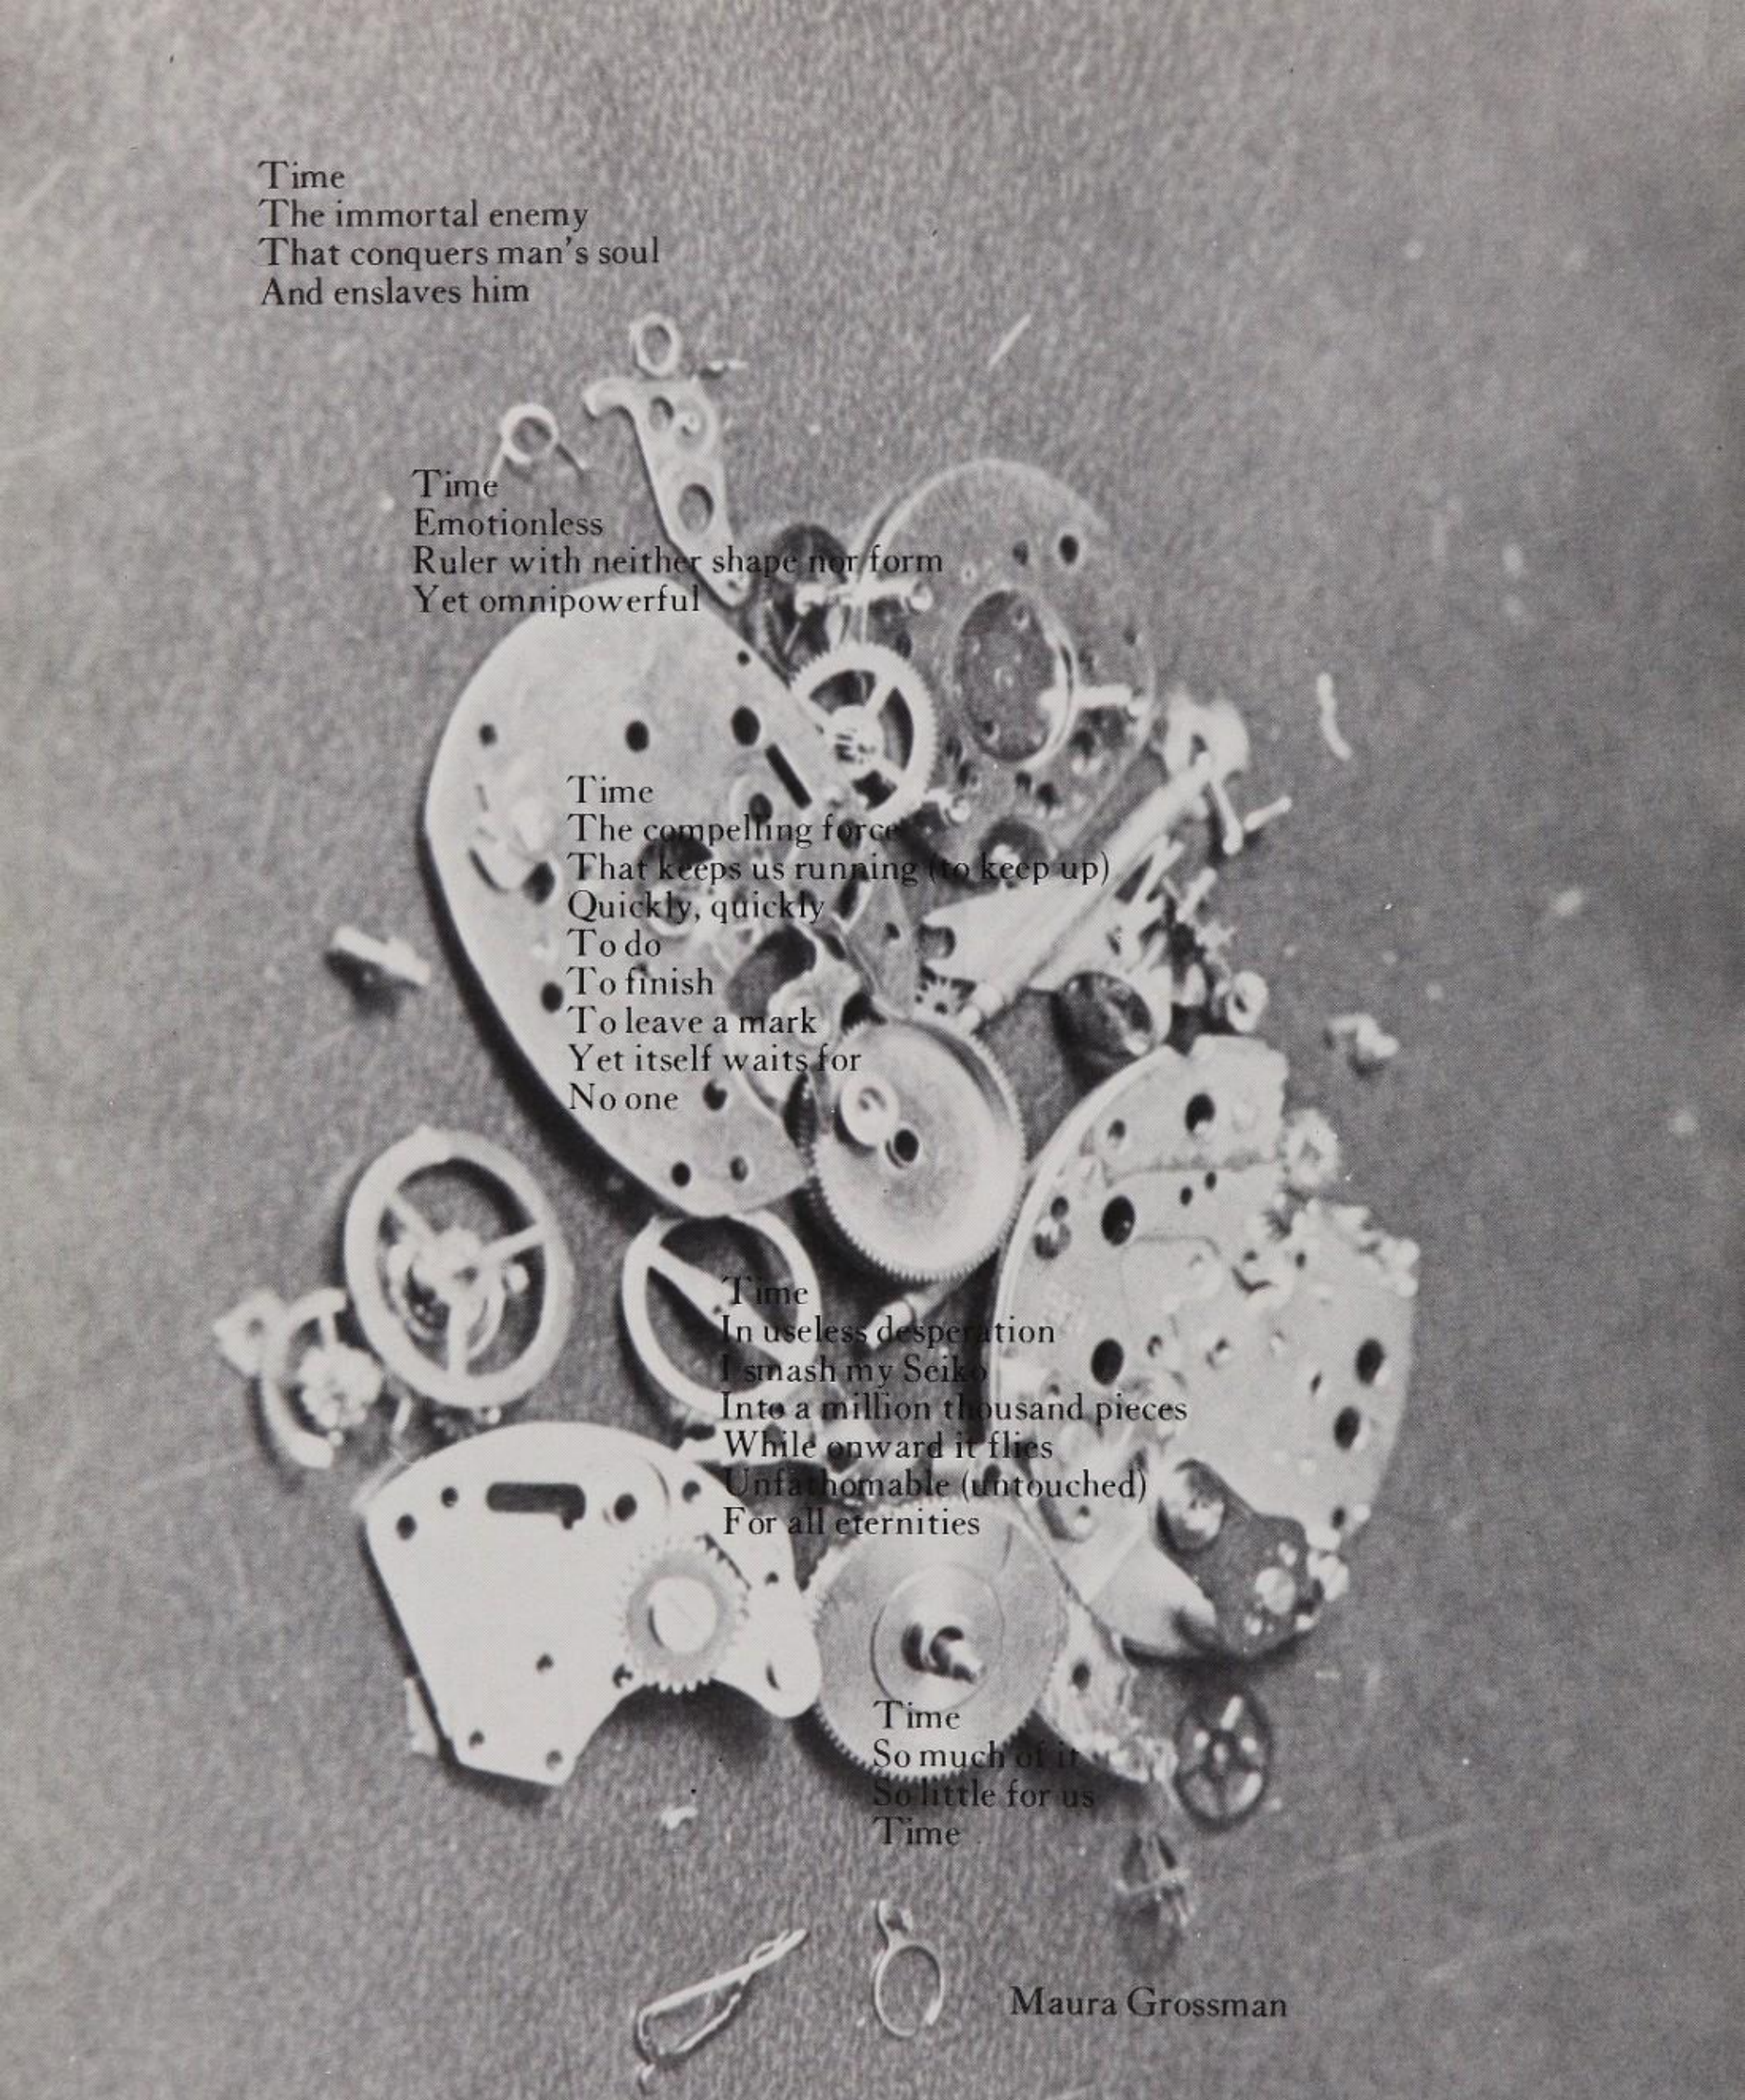
To the Seniors. . . . . .

"The current of life is ever onward."
Kobodaishi



Time
The immortal enemy
That conquers man's soul
And enslaves him

Time
Emotionless
Ruler with neither shape nor form
Yet omnipowerful

Time
The compelling force
That keeps us running (to keep up)
Quickly, quickly
To do
To finish
To leave a mark
Yet itself waits for
No one

Time
In useless desperation
I smash my Seiko
Into a million thousand pieces
While onward it flies
Unfashionable (untouched)
For all eternities

Time
So much of it
So little for us
Time

NEW YORK'S FIRST SCIENCE HIGH SCHOOL

STUYVESANT HIGH SCHOOL

345 EAST 15th STREET, NEW YORK, NEW YORK 10003

GASPAR R. FABBRICANTE
Principal

June 1976

Dear Graduates:

Two centuries ago almost to this very day, a handful of genteel revolutionaries and visionaries embarked on an experiment in democracy unique in a tired and despotic old world. Eternity was in that moment. Almost from the start, a pillar of that new nation's faith was an unshakable conviction that its youth ought to be educated free and universally with a new emphasis on the worth of the individual. Since that genesis, educational fads and fashions have come and gone but that original and glorious precept has stood the test of time.

For three quarters of a century now our school has educated New York's sons and more recently, daughters, in a free and public way, adding as well, the opportunity for the intellectually gifted to develop their talents unfettered by any restraints. We, the faculty, like to believe that we have contributed to your success and happiness by "leading out" from you, (the true etymological definition of the Latin "educare") abilities and powers which we then helped you to develop. Your illustrious record of scholarships, awards and honors is evidence of how successful our partnership has been. But the most precious reward of all will be an intensely intimate and private one as you enjoy fully a life made rich by knowledge and wisdom gained from your studies.

Jonathan Swift would have you seek out "the two most noblest things -- sweetness and light." May your learning never cease but grow in scope and variety, to be used ultimately for the betterment of our country and all mankind.

Sincerely yours,

Gaspar R. Fabbricante

This year thirteen Stuyvesant students have been selected as semifinalists by this program. About 1,500 semifinalists were chosen from over 50,000 applicants who took the PSAT/NMSQT exam. In order to become a finalist, a semifinalist must meet stringent academic and extra-curricular standards. All of Stuyvesant is extremely proud of these students' outstanding accomplishments and wishes them future success.

NATIONAL MERIT SEMI-FINALISTS

The National Merit Scholarship Program selected 15,000 students as semifinalists in the 1976 competition. Twenty-two of these students are Stuyvesantians. Semifinalists represent less than one half of one percent of American High School Seniors. The selection of semifinalists is based on PSAT/NMSQT scores. Scholarship winners are determined by SAT scores. Scholastic average, extracuricular activities and a counselor's recommendation. Over 95% of Stuyvesant semifinalists become finalists. Stuyvesant congratulates all our semifinalists become finalists on this truly significant achievement and wishes them continued success in their future endeavors.

The focus of the club is to organize individual and group trips into the mountains of the Southern Catskills. Although confined to these molehills, the group compensates by finding secluded, desolate areas. Then not planning an excursion, the group meets often to watch films and listen to guest speakers. The Club is also instructed in mountaineering techniques, first aid, environmental and geological studies. The Backpacking Club is a consistent, faithful group devoted to a common goal of awareness.

GOODBYE

How do you say goodbye?
So long old buddy, see ya pal
Those aren't enough when he means
so much to you.
I know.
I practiced for days with a smile
on my face
But when it was time,
The smile wasn't there,
And I cried.
He looked down at me and said
See ya pal
I love him

Sometimes I sit and think about life
What is life?
Is it suffering and war,
Is it poverty and prejudice,
Or,
Is it just people.
Fallable,
Imperfect,
Needing, people
Someone must care!
Is it I?

Now in its second year the Girl's Volleyball Team has had a winning streak. With the help of their lovely coach, Joanne Steuerer, the team became Division Champions and received a trophy and team medals for their efforts. The girls also succeeded in entering the playoff.

The athletic talent emitted by the team is the result of hard work. Under the direction of their Captain Laura Zane and their Co-Captain Denise Whitman, the girls practice for four days a week. In the summer they attend Volleyball Camp. Students from all grades belong to the team. Although four of its members will graduate this year, prospects for the Volleyball Team look promising.

Despite many shortcomings, several players had outstanding seasons. Captain Tom Moore led the team in rebounding, and co-captain Kevin Johnson was the leading scorer. Other outstanding performances were given by Anthony Lee, Tom Dyevich, Kyle Perry, and Michael Eisengart. Mr. Cavellero, the basketball coach, looks forward to more experience and better coaching facilities next year.

The 1976 Indoor Track season was very successful for our team. The 880 relay team of Mike Farr, Rich Gordon, Rick Anthony, and Frank Walker was the best in Manhattan. The one mile relay team of Roland Laird, Barry Goldberg, Paul Horn, and Steve Linder was fourth best in Manhattan. Our "A" two mile relay team of Pat Dougherty, Derek O'Neal, Eric Plutzer, and Steve Linder was second best in the borough. The "B" two mile relay team of Paul Horn, Barry Goldberg, John Klein and King Wai To was third. Steve Savvides and Nick Veikes finished first and second in the borough in the 60 yard high hurdles. Eric and Derek ran excellently in the 600 yard dash finishing second and sixth in the borough with Eric missing the gold by only a few inches. In the field events, the high jump relay of Eugene Huber, Art Vanterpool, and Craig Douglass finished third over-all in the city. Individually they placed first, fifth, and seventh in the borough respectively. On the whole the team finished as the second best track team in the city.

This fine season cannot go without commendation to all the members of the team, and a special commendation to our coach, Tom McGrath for putting up with us throughout the season, and not giving up on us when times were bad.

This year Stuyvesant's Harriers capped their most successful season in recent years with their second shutout of the season over Chelsea. Their other shutout came in an exhibition run against M.L. King. Led by the strong running of the team captain Eric Plutzer and first year man Eddie Gray, the Stuyvesant powerhouse team finished its dual meet with an undefeated season. This year's team was exceptionally strong, placing eight men under the fifteen minute mark for the hilly two and a half mile course. They were Eric Plutzer, Eddie Grey, Paul Horn, Pat Dougherty, John Klein, Eric Lipson, Peter Kintzer, and Dean Marsh. On the freshman scene Stuyvesant was finally represented by King Wai To who placed first in Manhattan and fourth in the city. Under the coaching of Mr. Charles Sharkey the team did exceptionally well in the Manhattan championships, placing nearly the entire team in the trophy winning spots. The team was well on its way to capturing the division crown by defeating Julia Richman in the opening meet. Richman, considered to be the only threat on the schedule was downed 35-24. The remainder of the season went easily, defeating King 50-15, Franklin 45-20, Seward 42-19, and Chelsea 50-15 to complete a 5-0 season. The final meet of the season against G. Washington was cancelled due to extremely inclement weather. Both Stuyvesant's varsity and its J.V.'s placed second in the Manhattan Borough Championships.

Their impressive record of four wins and two losses is largely due to the excellent performance of captain Jeff Albert. Other outstanding performances were also given by Dimitri Cruz, George Louie, Scott Porter, George Gabriele, and Dave Leiblich.

A special note of accomplishment was gained by Gerald Hecker as most improved swimmer.

TENNIS

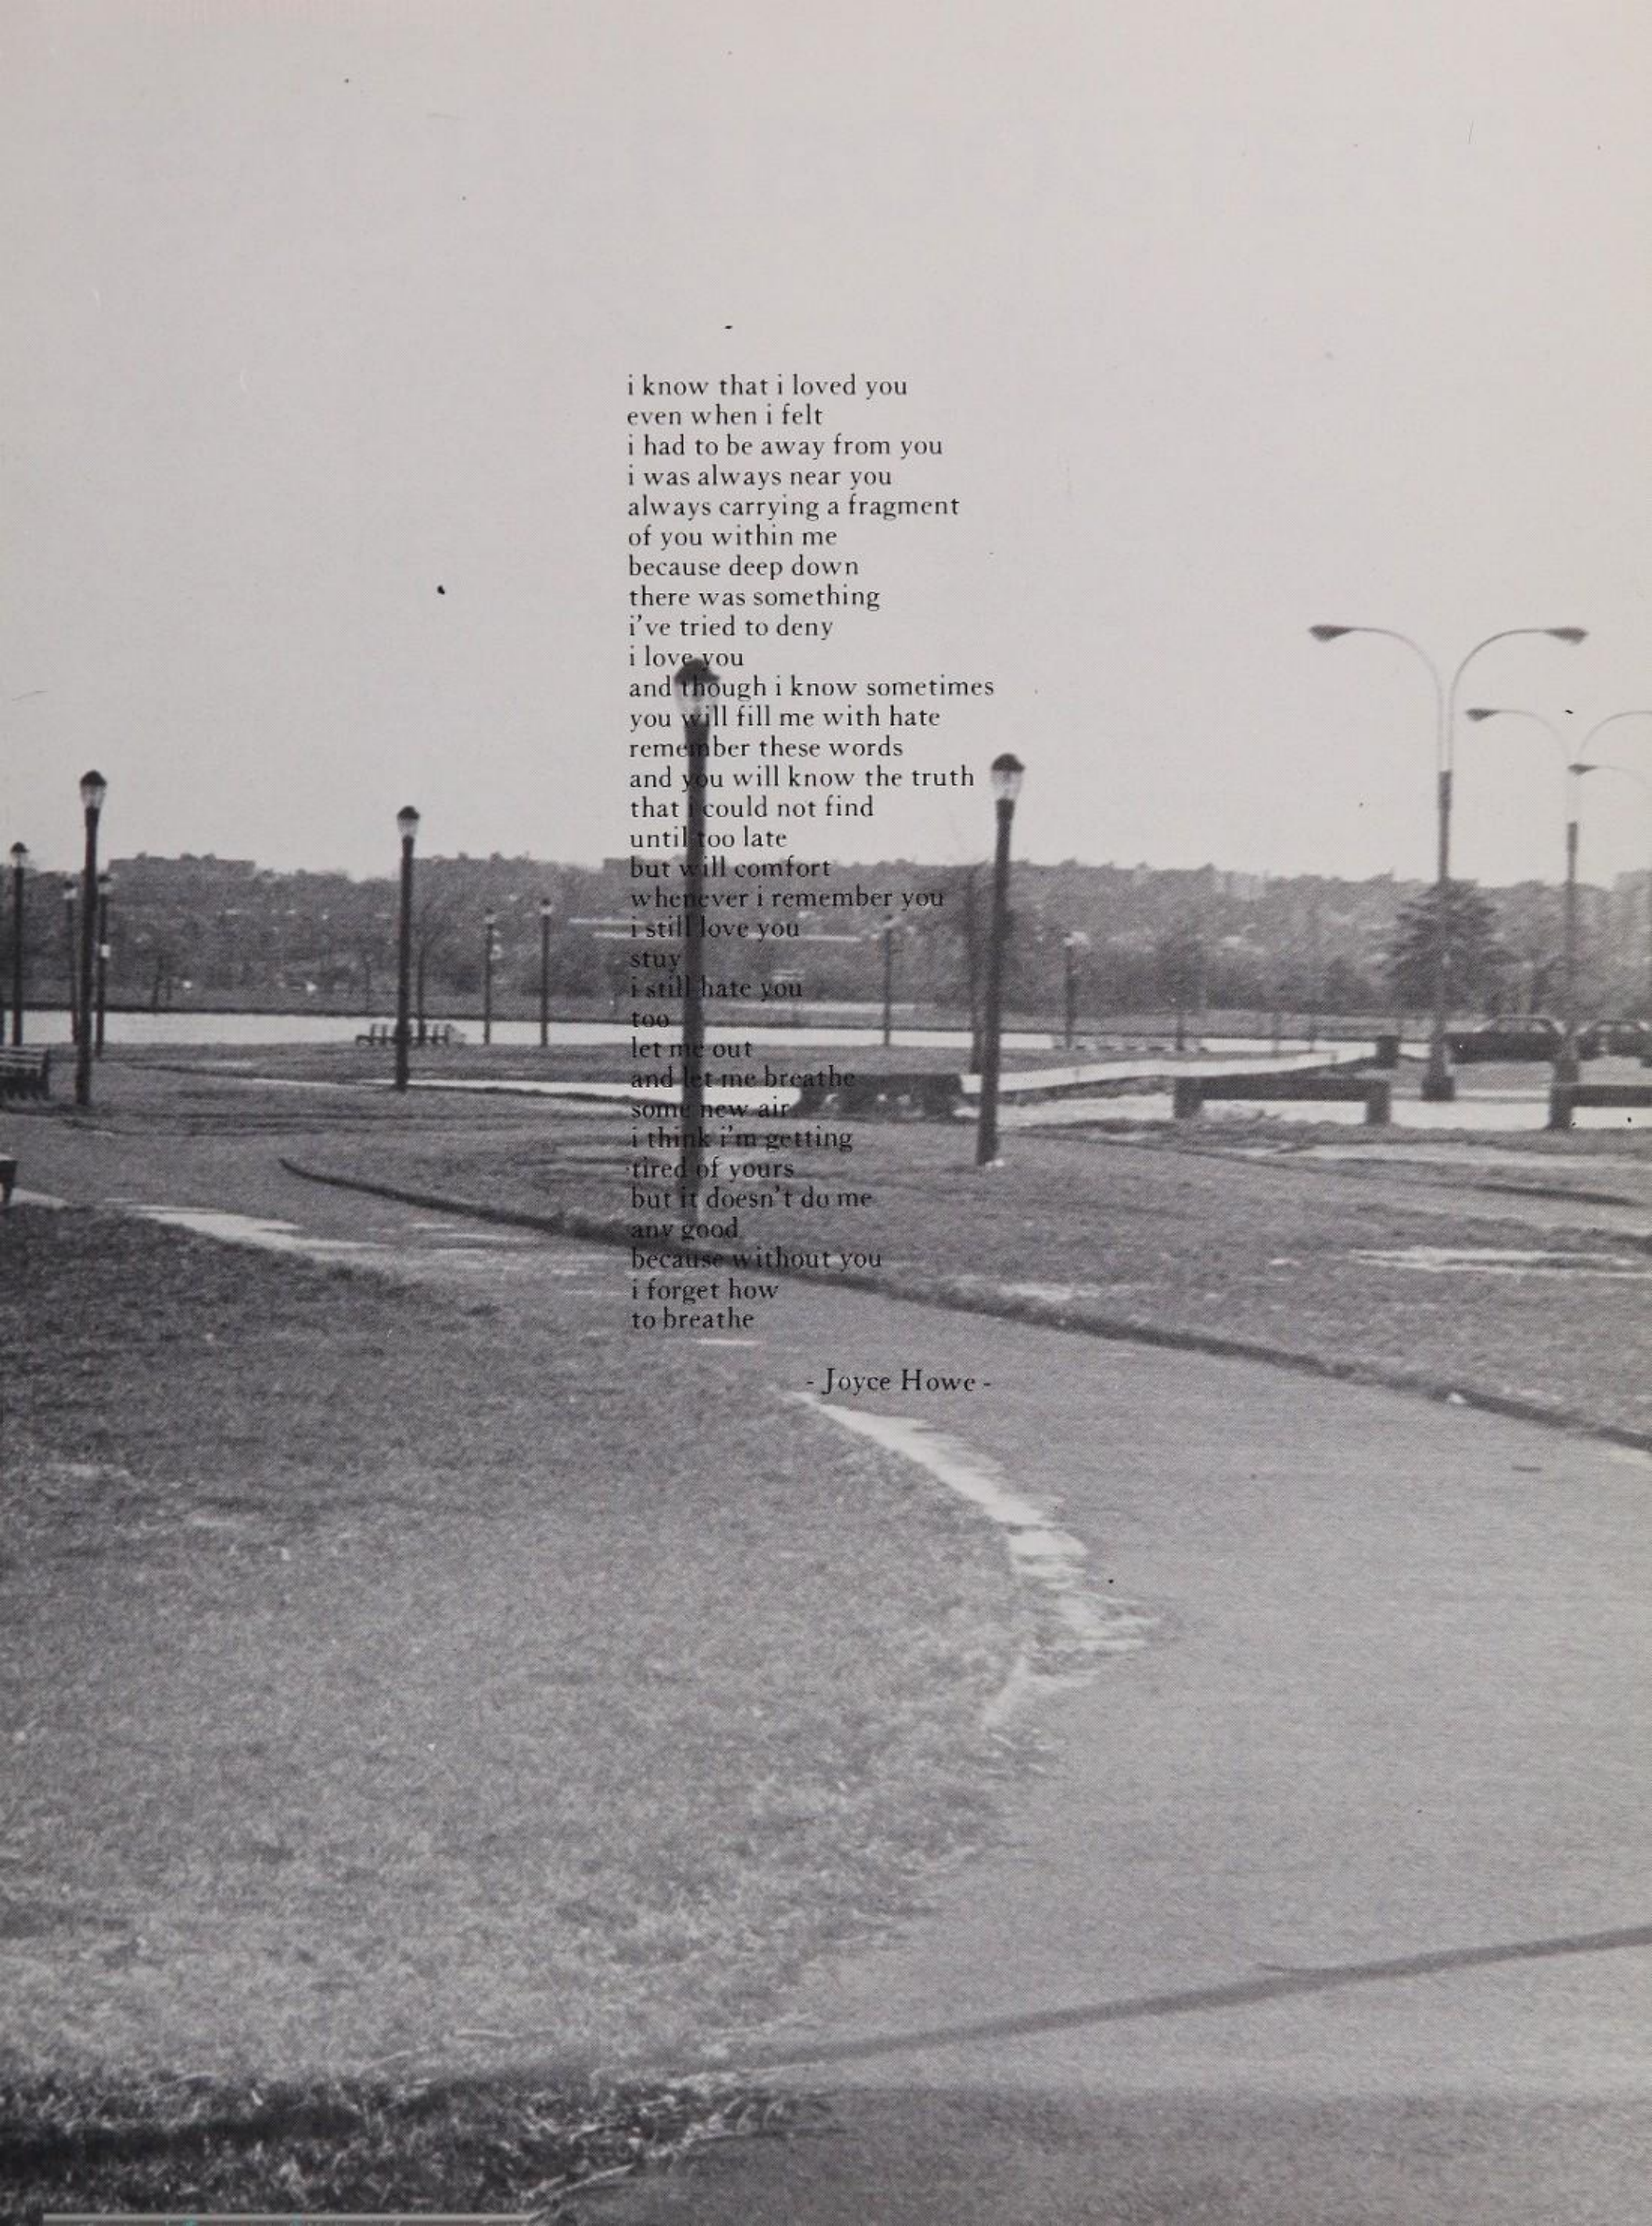
to stuy:

i'll remember you
why i don't know
exactly
maybe because of
all the pain and all
the joy
wow
there was a lot
sometimes too much
i thought
but now i think
maybe it was too little
just maybe mind you
i am me
and sometimes
you wouldn't let me
be me
i was someone else
and knowing who she was
caused a lot of pain
often i found
i loved you
inspite of myself
and feeling that way
i wanted to run
like a fool
and tell you
how i felt but
i didn't
i'm sorry now
that i let the pain
override the joy
for sitting here
just composing these meaningless
words which hold my thoughts,



i know that i loved you
even when i felt
i had to be away from you
i was always near you
always carrying a fragment
of you within me
because deep down
there was something
i've tried to deny
i love you
and though i know sometimes
you will fill me with hate
remember these words
and you will know the truth
that i could not find
until too late
but will comfort
whenever i remember you
i still love you
stuy
i still hate you
too
let me out
and let me breathe
some new air
i think i'm getting
tired of yours
but it doesn't do me
any good
because without you
i forget how
to breathe

Dearest Doreen -
What do you say to someone you've spent 12 years with? I shall miss you - it's more than that. We can never recapture our moments of fun, sadness, friendships, etc. I can only wish you the very best in life of happiness, success, and love. I know you'll succeed in anything you undertake but Good Luck! anyway.

Love,
Linda

Dear Doreen,
we really haven't known each other that long and I'm sorry about that. You're a very beautiful woman (not just physically) and I only wish the best for you.
Take care of yourself & maybe we'll keep in touch

Love,
Stu

Dear Im,
So this is it.
For all the hardships
You've taken from me

Dear Doreen,
Even though I've known
you only two weeks, I
feel I sort of know you-
but unfortunately not too well.
Have a good time in life!

Love,
Ed

Dear Doreen,

of friendship.

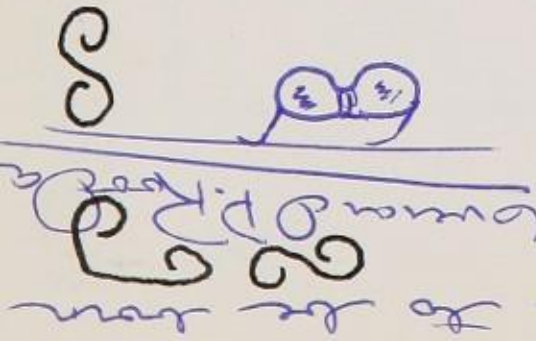
Dear Doreen,
Sorry I didn't know you better.
Well, I hoped you enjoyed Stay as
much as I did (?) and I wish all
the best in pursuing your dreams.
Love,
Doreen



Dear Doreen,

If you ever dare to think that I could for one moment forget you, you deserve to be forgotten. Ever since the first day of school when, as we both hurried down to nobody-knew-where, you caught my eye, grabbed my hands and said, "I'm lost, too... let's stick together," we've been sticking together and having fun and sharing problems (and almost boyfriends - forgive me) and being true friends. Thank you.

I know we'll keep in touch, so this isn't the end... but all the same I'll take this opportunity to wish you everything you could wish for. Be happy, and be you always..

With all love,

Diane

Dear Doreen,

Having a friend like you has been one of the most valuable experiences that I've had. Being able to share my high school experiences with someone like you has really been great. From the bottom of my heart I wish you peace, happiness, and hope for the future. I just hope we can keep in touch.

Take care of yourself

Your friend,

Dear Doreen,

I wish you only the best in college and in your future years ahead. May they be filled with much happiness. You're a beautiful person and deserve only the best.

Lots of love always,

Cathy

We may never pass
this way again.
